About Us

Heartfelt Creations is a family owned company started in 1997. We exist to dynamically inspire, uplift, and add value to each person that comes in contact with our creative inspiration and crafts. We do this with a unique line of coordinating artistic stamps, detailed dies and designer papers. Our products create timeless and elegant handmade cards, scrapbook layouts and altered art projects. We invite you to join our mission.

Linda Bontrager, Founder & CEO “From deep inside my heart is the need to create beautiful images for people to create their own beauty for themselves and others connected to them,” Linda says. “We do it to create beauty in the lives of others. Where there is stress and chaos, we have something that takes them away from that. We make the world more beautiful, one image at a time. We create therapy.”
