# Scrapbook Expo Spotlight Card #1 for the Basic & Deluxe Bundle

## Instructions

Cut a piece of white cardstock to 11" x 4 1/4", score and fold at 5 1/2", creating a finished card size of 5 1/2" x 4 1/4" top fold card. Cut pink paper (Sheet 12-B) from Sweet Magnolia paper collection to 5 x 3 5/8". Center onto card base and adhere using Dries Clear glue. Cut decorative panel from paper collection (Sheet 1-A), then use the second largest die from Cut Mat Create 1A to diecut the center. Use a sliding paper trimmer to cut around the yellow rectangle printed on this decorative panel, thus creating 2 frames, a smaller yellow frame and a larger pink frame. Use a Stack and Store dauber to sponge the outer edges of both pink and yellow frames with Leaf Green ink. Adhere larger pink frame directly onto card base using Dries Clear glue, then use dimensional adhesive to adhere the yellow frame, at a slight angle onto card base. Using background paper from the top right hand panel from sheet 10-A, cut a small strip to 2 3/4" x 1", stamp sentiment from Just For You stamp set using Magenta Hue ink. Use Stack and Store Dauber and Leaf Green ink to softly ink the edges then mat on pink paper from paper collection (12-B) cut just slightly larger, 2 3/4 x 1 3/4". Layer sentiment on previously diecut Cut Mat Create 1-A piece, adhere using dimensional foam adhesive then fold and adhere excess sentiment strip on backside. Adhere onto card base at a slight angle using foam adhesive.

Stamp the following images onto Deluxe Flower Shaping paper and diecut with coordinating dies. Stamp the magnolia petals using Magenta Hue ink, you'll need 2 small & 2 medium petals. Then stamp the magnolia leaves using Leaf Green ink. You'll need 2 small leaves for this card.

Use Stack and Store daubers along with the following inks to color the images. Use Leaf Green ink for the leaves, applying it heavier along the center length of the leaf. For the magnolia petals, using a light hand apply Leaf Green in the center of the petals, then add Magenta Hue along the tips of the petals, color both front and back side of each petal. Color 5 small pointed stamens from Bridal Bouquet Stamens using Leaf Green ink.

Shape the magnolia petals and leaves in the coordinating shaping mold. Use the stylus from Deluxe Flower Shaping kit to finish giving shape to flowers and leaves. Pierce the center of magnolia petals, insert three green colored stamens into a medium sized petal, then layer the second same sized petal, offsetting it slightly. Apply hot glue along the back side to secure. On each of the remaining small petals, insert a single green stamen, secured with hot glue along the backside.

Arrange petals and leaves as shown, adhering with hot glue. Apply Dries Clear glue onto hydra sponge, dab sponge randomly onto card and floral arrangement, then sprinkle with Crystal Clear and tap off.

## Instructions

Cut a piece of white cardstock to 8 1/2" x 5 1/2", score and fold at 4 1/4", creating a finished card size of 4 1/4" x 5 1/2". Cut green dotted background paper from Sweet Magnolia paper collection to 4 1/8" x 5 3/8", use Stack and Store Dauber to add Leaf Green onto the edges and adhere onto card base using Dries Clear Glue. Use the plain outline die from the Teardrop Lattice Gateway to diecut the pink toned panel from sheet 10-A of the paper collection as shown, stamp sentiment using both Leaf Green and Magenta Hue inks, then adhere directly onto card base. Using white cardstock, use the three largest dies from the Teardrop Lattice Gateway die set, creating a frame, then trim as needed to fit onto the coordinating arch. Color the edges with Leaf Green ink along with a dauber, then adhere onto card base using 3D foam adhesive.

Stamp the following images onto Deluxe Flower Shaping paper and diecut with coordinating dies. Stamp the magnolia petals using Magenta Hue ink, you'll need 4 small & 2 medium petals. Then stamp the magnolia leaves using Leaf Green ink. You'll need 1 small and 3 large leaves for this card.

Use Stack and Store daubers along with the following inks to color the images. Use Leaf Green ink for the leaves, applying it heavier along the center length of the leaf. For the magnolia petals, using a light hand apply Leaf Green in the center of the petals, then add Magenta Hue along the tips of the petals, color both front and back of petals. Color 5 small pointed stamens from Bridal Bouquet Stamens using Leaf Green ink.

Shape the magnolia petals and leaves in the coordinating shaping mold. Use the stylus from Deluxe Flower Shaping kit to finish giving shape to flowers and leaves. Pierce the center of magnolia petals, insert one green colored stamen into a medium sized petal, then layer the second same sized petal, offsetting it slightly. Apply hot glue along the back side to secure. On each of the remaining petals, insert a single green stamen, secured with hot glue along the backside.

Arrange petals and leaves as shown, adhering with hot glue. Apply Dries Clear glue onto hydra sponge, dab sponge randomly onto Teardrop Lattice Gateway frame and floral arrangement, then sprinkle with Crystal Clear and tap off.

# Scrapbook Expo Spotlight Card #3 for the Deluxe Bundle

## Instructions

Take a piece of 8 1/2" x 11" white cardstock, score and fold at 5 1/2". Use the plain outline die from the Teardrop Lattice Gateway die set to diecut card base, allowing the cutting blade along the left hand side to hang off the fold of the card. This will leave the fold intact and create a 5x7" card base. Diecut green background paper (10-B) from Sweet Magnolia paper collection using plain outline die and smaller plain arch die from Teardrop Lattice Gateway Die set, creating a frame. Adhere onto card base using Dries Clear Glue. Diecut 3 largest dies from Teardrop Lattice Gateway die set onto white cardstock, creating a decorative arch frame, adhere onto card base using foam adhesive. Diecut green and pink floral panel from paper collection (10-A) using smaller plain arch die from Teardrop Lattice Gateway Die set. Stamp sentiment from Just For You Sentiments stamp set using Magenta Hue ink, then adhere onto card base using Dries Clear glue.

Stamp the following images onto Deluxe Flower Shaping paper and diecut with coordinating dies. Stamp the magnolia petals using Magenta Hue ink, you'll need 5 small, 2 medium & 2 large petals. Then stamp the magnolia leaves using Leaf Green ink. You'll need 3 small and 4 large leaves for this card.

Use Stack and Store daubers along with the following inks to color the images. Use Leaf Green ink for the leaves, applying it heavier along the center of the leaf. For the magnolia petals, using a light hand apply Leaf Green in the center of the petals, then add Magenta Hue along the tips of the petals, color both front and back of petals. Color 10 small pointed stamens from Bridal Bouquet Stamens using Leaf Green ink. Color 11 round stamens using Magenta Hue ink.

Shape the magnolia petals and leaves in the coordinating shaping mold. Use the stylus from Deluxe Flower Shaping kit to finish giving shape to flowers and leaves. Pierce the center of magnolia petals, insert three green colored stamens into a large petal, then layer the second same sized petal, offsetting it slightly. Apply hot glue along the back side to secure. Insert two green stamens into medium petal, offset second same size petal and adhere with hot glue. On each of the remaining 5 small petals, insert a single green stamen, secured with hot glue along the backside.

Arrange petals and leaves as shown, adhering with hot glue. Separate the pink colored stamens into three bunches, apply hot glue and insert amongst magnolia petals as shown creating a beautiful spray. Apply Dries Clear glue onto hydra sponge, dab sponge randomly onto Teardrop Lattice Gateway frame and the floral arrangement, then sprinkle with Crystal Clear and tap off.

# Scrapbook Expo Spotlight Card #4 for the Deluxe Bundle

## Instructions

To create card base diecut plain outline die from Teardrop Lattice Gateway die onto white cardstock. Diecut an open arch frame onto white cardstock using the 3 largest dies from Teardrop Lattice Gateway die. Next diecut a decorative arch onto white cardstock using the plain outline die, large decorative inlay and small decorative inlay from the Teardrop Lattice Gateway die set. Create 2 hinges by cutting white cardstock to 1/2" x 4", score and fold lengthwise at 1/8". Glue hinge connecting the solid arch background and open arch frame. Then use the second hinge to adhere decorative arch as the front of the card base. This creates a book style card base.

Use the plain outline die from the Teardrop Lattice Gateway die to diecut paper from Sweet Magnolia paper collection (2-B), ink with Leaf Green ink along with a dauber and adhere on the inside of main card base. Cut magenta colored paper from paper collection (12-B) to 2 1/4" x 1 9/16", adhere onto card base as shown. Cut white cardstock to 2 1/16" x 1 3/8", stamp sentiment from For My Friend Sentiment stamp set using Leaf Green and Magenta Hue ink. Use Magenta Hue along with a dauber to ink the edges and adhere onto pink mat using Dries Clear Glue.

Stamp the following images onto Deluxe Flower Shaping paper and diecut with coordinating dies. Stamp the magnolia petals using Magenta Hue ink, you'll need 1 small, 4 medium & 4 large petals. Then stamp the magnolia leaves using Leaf Green ink. You'll need 5 small and 5 large leaves for this card.

Use Stack and Store daubers along with the following inks to color the images. Use Leaf Green ink for the leaves, applying it heavier along the center length of the leaf. For the magnolia petals, using a light hand apply Leaf Green in the center of the petals, then add Magenta Hue along the tips of the petals, color both front and back of petals. Color 11 small pointed stamens from Bridal Bouquet Stamens using Leaf Green ink. Color 12 round stamens using Magenta Hue ink.

Shape the magnolia petals and leaves in the coordinating shaping mold. Use the stylus from Deluxe Flower Shaping kit to finish giving shape to flowers and leaves. Pierce the center of magnolia petals, insert three green colored stamens into a large magnolia petal, then layer the second same sized petal, offsetting it slightly, repeat this to create two large magnolia flowers. Apply hot glue along the back side to secure. Insert two green stamens into medium magnolia petal, offset second same size petal and adhere with hot glue, repeat this to create two medium sized magnolia flowers. On the remaining small petal, insert a single green stamen, secured with hot glue along the backside.

Arrange petals and leaves as shown, adhering with hot glue. Separate the pink colored stamens into three bunches, apply hot glue and insert amongst magnolia petals as shown creating a beautiful spray. Apply Dries Clear glue onto sponge, dab sponge randomly onto decorative Teardrop Lattice Gateway die and the floral arrangement, then sprinkle with Crystal Clear and tap off.
